

From Raleigh

Time – approximately 3 hours

Highway Number 1 south west to Southern Pines continue on US Highway Number 1 to Rockingham –

In Rockingham – take US Highway 74 west for approximately 6 miles over the river.

After crossing the river take a left onto 145.

Follow 145 into Chesterfield (You will have to take a left on 742 to actually go into the town of Chesterfield)

In the town of Chesterfield – take Highway 9 west

Follow SC 9 through the little town of Chesterfield and continue on 9 for approximately 4 miles –

Look for and take SC Highway 265 to the left – west to Jefferson

Follow 265 through the traffic light in Jefferson

Go 3.3 miles on 265 and then take a left onto Taxahaw Road. (There will be a small green and white sign on your right!)

Now the tricky part – on your right about one hundred yards is another Bermuda High Soaring sign up on a hill and a dirt road. This is the back entrance – not to be fooled into going four wheeling – it is best to continue straight and enter from the front entrance, which has a MUCH better –yet, still a dirt road.

If you elect to take the smooth dirt road –

Continue straight ahead on Taxahaw Road to the stop sign.

There will be a mustard colored block building on your right. Here you will take a right onto SC 903.

On 903 you will cross over the county line to Lancaster County and there will be a fork in the road with a small green and white sign “Bermuda High Soaring” –

Take the right fork and your **first** right on Thermal Trail.

Follow Thermal Trail along the field - take a left on Lift Lane to the entrance!
